

LEADING MANUFACTURER
OF EQUIPMENT FOR OIL AND GAS, REFINERY,
PETROCHEMICALS AND MINING INDUSTRIES

SEWON VERTEX

SEWON VERTEX HEAVY INDUSTRY
www.sewon.kz

SEWON VERTEX HEAVY INDUSTRY (SVHI) was established in 2004 in the port city of Aktau, Kazakhstan.

Gateway acquired the facility in 2010 to meet clients' growing demand for quality manufacturing to international standards.

SVHI is an ASME and ISO 9001:2008 certified facility for fabricating pressure vessels and piping with 'U', 'U2', 'R', 'S' & 'PP' stamps. Our manufacturing capabilities include the designing and production of process skids, process equipment, heat exchangers, process piping, storage tanks, structural assemblies and pipe racks for oil & gas, petrochemical, refinery and mining industries.

Our production materials include carbon steel, low carbon steel, stainless steel, duplex stainless steel, clad material, alloy steels, Monel, Inconel and copper-nickel. SVHI is also capable of weld overlay, strip cladding and electro strip cladding.

- > Fabrication yard area – 55,000 m²
- > Covered shop area – 6,000 m²

SVHI adheres to international codes & standards including ASME, TEMA, BS, API, EN, DNV, GOST ASME and ISO 9001:2008

PRODUCT AND SERVICES

- Process equipment and skid packages
- Pressure vessels, columns, reactors
- Shell and tube heat exchanger
- Plate heat exchanger packages
- Air fin cooled heat exchanger packages
- Waste heat boilers
- Tanks and bullets
- Pig launchers & receivers
- Piping
- Pipe racks
- Structural
- EN 12079 offshore skips

SVHI's EQUIPMENT INCLUDES:

- 40 mm thick x 3000 mm wide cold rolling machine
- 700 ton hydraulic pressing machine
- 40mm thick x 4200mm diameter head forming spinning machines
- Radial drilling machine
- Pipe bending machine
- Plate bending machine
- Lathes
- Heat treatment furnace for head stress relieving
- Modern covered grit blasting and painting shop
